**Notes to the Financial Statements**

---

**1. Background:**

The Palestinian Circus School is a non-profit, non-governmental organization, established in 2006 and registered with the Palestinian Authority since February 2007.

The Palestinian Circus School – Birzeit office was registered as a net profit organization with the Palestinian of Interior on February 18, 2007 under registration number RA-22480-S.

The occupation is devastating our lives, as individuals and as a nation. Trust, unity, dignity, respect and hope are under threat.

We believe a future Palestine is possible, with people who dream of a better life and invest positive energies in their society.

With our circus school, we want to develop the creative potential of young people in Palestine to engage them, empowering them to strengthen their identity, and enter into a constructive and positive dialogue with each other, in order to become positive actors in their society. We offer a safe space where people meet in equality and by working together we achieve the most meaningful result.

Our goal is to overcome the divisions within our society by working with everybody, everywhere. By bringing people together in our trainings and traveling all over the country with our shows, we challenge the multiple boundaries that have been imposed on us for far too long: political, geographical, economical, religious and gender.

The Palestinian Circus School encourages the development of a new form of cultural expression, and a new generation of artists in Palestine. An art form that is dynamic, experimental and aimed at challenging traditional perceptions of arts and artistic interaction.

The school is an open space for creativity on all levels, enhancing a strong participation of all people involved: students, trainers, volunteers and the community at large.

**VISION**

The Palestinian Circus School dreams of a society in which Palestinians engage in a dynamic cultural and artistic life that embraces creativity, freedom of expression and diversity as the main pillars for a just and inclusive society.

**MISSION**

By training Palestinian children and youth in circus arts, the Palestinian Circus School wants to develop a new art form in Palestine and strengthen the creative and physical potential of the Palestinians, seeking to engage and empower them to become constructive actors in society.

By creating and performing circus productions, we want to instill hope among the population, promote the freedom of expression and raise local and international awareness about the many challenges of the Palestinian society.
